

LINCOLN

Lincoln's new 18 V Lithium Ion PowerLuber brings lubrication technology to a whole new level

The most advanced grease gun on the market

This revolutionary grease gun was built for the maintenance professional. The innovative design includes an illuminated display center that measures grease dispensed, cartridge level, charge level and more.

SKF

Lincoln's new 18 V PowerLuber with a lithium ion battery and LCD

Lincoln's new commercial-series 18 V lithium ion PowerLuber allows the user to easily understand how much lubricant is

being dispensed to prevent over lubrication and wasted grease.

The 18 V lithium ion battery (model 1861) easily slides on and locks into place.

Includes a heavy-duty carrying case (model 1864 shown above).

Model 1850 high-output charger.

Model 1862 single battery unit with charger and carrying case

Model 1864 dual battery unit with charger and carrying case

Model 1861 high amperage (3.0 mA) battery

Model 1850 high output one-hour charger
